Good afternoon, Yaorong and Thuy

We are working on providing you the instrument quotes and additional information.

As you requested, here is the quote for the PFAS kit for your existing 1290 system. I have included time for our FSE to come on site, but I am also including the install manual, if you would prefer to install the tubing yourself.

If you want to install yourself, please let me know and I will remove the installation time.

B/R,  
Bev
